that shekdars should not be recognized as re-officio members of municipalities &c, I have the honor to state that I have instructed the Vice President of the Aloor Municipality to remove Aloor shekdar's name as an re-officio member. I beg to recommend that he may be appointed as an ordinary member of the Board. His name is given in the margin.

2.- At present for the supervision of daily Conservancy and transaction of routine business in the municipalities other than at Taluk Head Quarters, there is none responsible to

to be held answerable for any omissions of duty
In this district the following are the Municipalities
where there is no resident ~~_____~~ Vice President.

1. Banawar 2 Harbhally 3 Bloor 4 Konanoor
5 Sravanabelagola. All these places are from
5 to 10 miles distance from the Taluk Head
Quarters and as such the Amildars (Vice Presidents)
could not easily supervise the business every
day or even twice a week. Orders for the Consti-
tution of a Municipality at Sravanabelagola
have not been received yet, but it is recommend-
ed. -

3. - It appears necessary that in the above
places head man for the supervision of the
daily routine business should be appointed
for this purpose. Where therefore, there is a resident
Government official in the station he may be
appointed.

4. - I have sanctioned could not be accorded for
nominating these shakdars as ex-officio
members in the interests of the Municipalities
I beg to request you will be good enough to
authorise nomination of one of the members
as chairman to continue in office for one year
at a time so that he may be held responsi-
ble for the management and supervision of the
routine work. This measure I cannot yet confi-
dently recommend because the task will be
felt as an unwelcome burden. In the out-
lying

lying places. people have yet ^{not} a
appreciate the honor of such nominations and
the minor municipalities are constituted more
to afford financially ways and means for sanitary
works and Conservancy than to concede to the as-
piration of the people to establish and manage
their own Municipal Government. - That they consent
to pay Municipal Taxes is a circumstance which
affords proof of their advancing enlightenment.
It will be too early to saddle upon them any
daily task requiring at least some sacrifice
of one's time and labor. —
